OCS Standard

When manufacturing garments of myrtle beach and JAMES & NICHOLSON, the Organic Content Standard is a standard for verifying and tracking the exact content of organically grown materials in a final product.

Made with 100%
Organically Grown Cotton
Certified by CU853836

Made with 50%
Organically Grown Cotton
Certified by CU853836

Easy Care

This special treating makes shirts and blouses especially easy to iron. To preserve this function the textiles should not be overheated in the tumbler and you should avoid using an overheated iron.

Washable at 60°C

All the products with this tag can be washed at 60 degrees.

The right size for everyone

JAMES &
NICHOLSON

TEXTILES
for professional
hospitality.

#ALLYOUNEED

BRAND- *statement*

Both in textile promotion and in corporate fashion wear JAMES & NICHOLSON and myrtle beach are meanwhile among the best-known and most popular brands.

Shirts

The product diversity of the two product lines is unparalleled and is expanded every year by around 100 fashionable novelties. In the fields of sports, leisure, business and work there is hardly any top or headgear which is not included in the diverse product line.

JAMES & NICHOLSON and myrtle beach are manufactured with social and ecological responsibility. All the textiles are REACH-compliant and manufactured according to Oeko-Tex® Standard 100. Since 1999 social and environmental aspects have been integrated into the company code of conduct. They are submitted to strict controls.

Fleece

Traditional

The selection of the two brands comprises about 900 fashionable products, which are always available in a quantity of approximately 20 million pieces and a stock availability of around 98%. Extremely short delivery periods are a major plus JAMES & NICHOLSON and myrtle beach offer their customers. Service takes top priority – in day-to-day business the focus is always on the customer. That is why the quality of the product lines is the most important thing of the company philosophy – from inception to completion and beyond.

Aprons, half-aprons, ties and waiter money pouches, kindly provided by www.karlowsky.de

Made with
responsibility

SOCIAL COMPLIANCE

As members of the 'BSCI/Business Social Compliance Initiative' we commit ourselves to implementing the BSCI code of conduct as part of our business relations with our manufacturers and thus to improving the working conditions within our supply chain and to producing our textiles fairly. This includes our clear commitment to the employees' right to freedom of assembly, protection against discrimination, and an adequate remuneration, that is, at least the statutory national minimum wage. Another central component is the occupational safety regulations. That is how we guarantee that the occupational safety regulations of the ILO (International Labour Organisation) are met. Child labour, forced labour or precarious jobs are not tolerated. Several social compliance departments in the countries of production test all the factories thoroughly and make sure that these conditions are met.

PROTECTION OF THE ENVIRONMENT

All the products of myrtle beach and JAMES & NICHOLSON are produced in an environmentally friendly way.

QUALITY STANDARD

The merchandise is regularly tested by certified testing institutes in the countries of production regarding the given parameter. Moreover, in cooperation with SGS, Testex, Hohenstein and other renowned institutes the quality is continually controlled.

OEKO-TEX® STANDARD 100

This standard guarantees that textile and non-textile product components pose no threat to health.

ADHERENCE TO THE REACH-REGULATIONS

We assure you that when manufacturing our myrtle beach products and JAMES & NICHOLSON textiles we meet the obligations of the REACH-regulations.

OCS STANDARD

When manufacturing garments of myrtle beach and JAMES & NICHOLSON, the Organic Content Standard is a standard for verifying and tracking the exact content of organically grown materials in a final product.
